Leadership Peninsula, sponsored by the Palos Verdes Peninsula Chamber of Commerce, is a dynamic program designed to develop and connect current and rising leaders who are invested in the community and interested in shaping its future. Whether your interest is in business leadership, civic or government leadership, or community and nonprofit leadership, Leadership Peninsula will accelerate your trajectory.

In this nine-month program, you will

- Connect with top leaders and experts across the Peninsula and South Bay
- Gain perspective and knowledge about the Peninsula; its leaders; its organizations, institutions, and key stakeholders; and its decision-making processes
- Develop a broad network of professionals in key areas
- Learn and work with like-minded leaders who are committed to the community and interested in shaping its future
- Make a lasting impact by participating in a strategic initiative or project that benefits our community
- Be empowered and inspired as a leader
- Build a solid foundation to springboard into leadership roles in business, civic, or community affairs.
- Identifies, motivates and educates potential community leaders and further educates those already in leadership positions. The program reviews community needs and concerns, meets leaders, and then challenges participants to understand and to improve the business, political and civic climate. By the end of the program, participants are prepared to take advantage of opportunities for community involvement and leadership, including a project selected by the class.
